GALILEO ALUMNI ASSOCIATION 2nd ANNUAL OBSERVATORY/TELESCOPE FUNDRAISER

Please mark your calendars now to set aside Saturday, June 9, 2018, for the Galileo Alumni Association's 2nd Annual Dinner Dance fundraiser to fund the restoration of Galileo's Observatory/Telescope. Your school, Galileo, for some 95 years, was the only high school west of the Mississippi to have an Observatory/Telescope on its premises. In earlier years, the Observatory was used by the students and the general public to view the moon and the stars. But, time had caught up with the Observatory and it has not been available for use for some time now. Galileo will be celebrating its centennial year in 2021 and we are planning to perform the restoration and have it re-opened for use and viewing by this date.

Therefore, we will be sponsoring many fundraisers this year and in the coming years in order to meet our objective. It is a lofty goal but we are committed to make it happen with your help and participation.

Our second fundraiser for this year will be the event shown below. Please make your best effort to help us kick off our fundraising with your attendance at this event. If you enjoy dancing or like to see old friends and meet new ones, your participation at our first event and making it a success will guarantee that we will continue to have these fundraisers on a regular basis throughout this year and years to come. Please demonstrate your appreciation and commitment in helping the GAA achieve its goals.

We look forward to seeing and meeting all of you there. Let's all have fun and be a part of something totally worthwhile for our school and the students. If for any reason you just will not be able to attend, please consider making a donation to our Observatory Fund, it will be greatly appreciated.

PLEASE RETURN WITH PAYMENT NO LATER THAN JUNE 3, 2018
